New Business;

There was a discussion about the need for good choices on our future economic development plan and how to figure what direction to take. Also we need to get back in touch with the Transit Village people from the State to keep contact with them. We also have a developer who stated he can work with the density numbers for the Pinelands.

We should try to get a developer matched up to a piece of the properties available and try to get things moving. To do this we need to figure who really is a seller and is ready to make a deal. We should try and get the property owners together and see where they stand on selling if we have a buyer.

We spoke of taking a trip to Pennsauken and see their transit village.

Old Business: None discussed at this time.
