Old Business:

We discussed the past ideas to bring developers into the area. We also discussed some of the problems that the area has for development and how we are trying to address these problems. Maybe a Business Association could possible bring new ideas in for the area. We discussed the possibility of the Transit Village and what that could mean to the area for both commercial and residential projects. We spoke about the possibility of getting help from the Camden County Improvement Authority for this area. We spoke about ways to get help with utility installation and other amenities that would be complimentary to the Township for the project.

New Business;

There was discussions with the public about the feasibility of the Transit Village and what we could expect from the State if we can get this approved
