

Prescription Medication Disposal:

Do not dispose of prescriptions or over the counter medications down the drain or toilet. Our Wastewater Treatment facilities cannot remove harmful pharmaceutical compounds which could contaminate drinking water.

To Dispose of Prescription Medications:

Citizens looking to dispose of excess and expired prescription and over-the-counter medications can visit the safe and secure permanent drop off location at the Waterford Township Municipal Building.

The Waterford Township Municipal Alliance and the G.C.A.D.A has partnered with The Waterford Township Police Department to establish a permanent **MedReturn Drug Collection Program** in order to reduce the supply of drugs that can potentially harm teens and adults.

The collection site is open during business hours 8:30am - 4:30pm, Monday to Friday. Drugs can be dropped off right in the box which is in the hallway of the municipal building, with no questions asked. Please also watch for our Take- Back Prescription Drug Day's throughout the year.

We CANNOT ACCEPT:

Thermometers, Hydrogen Peroxide, Inhalers, Needles, Aerosol Cans, and Meds From Business Clinics.

ALL WATERFORD TOWNSHIP RESIDENTS & COMMERCIAL ESTABLISHMENTS MUST RECYCLE

It is Unlawful:

- ⇒ To commingle recyclables with other trash and garbage
- ⇒ To place any household hazardous waste or electronic waste curbside
- ⇒ To place yard waste at curbside containing brush, tree limbs larger than 12 inches in diameter and longer than 4 feet in length
- ⇒ For any person to blow, rake, sweep or place yard waste closer than 10 feet from a storm drain inlet
- ⇒ For any private contractor, even if hired by a resident, to place yard waste at curbside for collection by the Township. Contractors are required to dispose of bulk yard waste at an approved disposal facility.

TRASH & RECYCLING

Trash and recyclables are collected once a week on your regularly scheduled day. Containers should be placed at the curb no earlier than 5pm the day before your designated collection day. In absence of a curb, use the area closest to the edge of the street without endangering traffic safety or obstructing pedestrian travel.

There will be no collection of trash or recyclables to dwellings under construction, dwelling being completely remodeled, vacant lots, vacant lands or those properties without a proper Certificate of Occupancy.

Construction, remodeling and building materials generated by a private contractor **must** be removed by the contractor and disposed of property at their cost. This debris is not to be placed curbside for normal residential collection by the Township's waste hauler.

Help us Help You! Rising costs & new regulations in disposal of solid waste and recycling have made it necessary to require compliance by all residents receiving curbside collection and access to the Convenience Center

CONVENIENCE CENTER

The Convenience Center is open to Waterford Township Residents on Saturday's ONLY from 9am to 1pm. The Center is for residents wishing to dispose of Bulk Trash, prior to their monthly curbside collection of bulky waste.

Residents are limited to six (6) visits to the Convenience Center annually. Residents are required to obtain a FREE permit to have access to the Convenience Center and must present the permit prior to being permitted to dispose of bulky waste items.. Waterford Township reserves the right to deny dumping of any bulk items that appear to not be in compliance with program guidelines.

Items being disposed of at the Convenience Center should be ready for separation disposal in labeled dumpsters prior to arriving on site

Large Quantities of Construction Debris will not be accepted. Residents remodeling large areas of their homes are required to secure their own dumpster.

Complete Basement / Garage / Home Cleanouts will not be accepted. Those types of cleanouts require residents to secure their own dumpster

ITEMS THAT WILL BE ACCEPTED

BULKY WASTE: Furniture, mattresses, carpet (cut into 4' lengths, rolled and tied)

Do It Yourself Home Project

Construction Debris: Residents will be permitted to dispose of small quantities of Home Construction Remodeling Debris (ex. Plumbing Materials - sink, toilet, piping, Siding, Electrical Wiring, small amount of roofing shingles, drywall, plywood)

METALS & APPLIANCES: Public Works will collect metal & appliances curbside, residents must call Public Works to schedule a curbside collection. Residents may also bring metals and appliances to the Convenience Center.

ELECTRONICS: Residents may bring televisions, computers & other electronics to Public Works

LATEX PAINT: Latex Paint is not hazardous waste. Dried paint can be disposed of in the trash.

BATTERIES: Alkaline batteries can be disposed of in the trash, as they no longer contain mercury. Rechargeable batteries should be disposed of at the Hazardous Household Waste Drop Off Days
