Rick,

The CF for the change in use of the Atco Raceway to an automobile auction, which is subject of the above reference application has been completed and an Inconsistent Certificate of Filing (CF) has been drafted. The CF is undergoing final supervisor review. It is my understanding that your submission of the application to the Camden County Planning Board will not be accepted without issuance of a CF. Please feel free to forward this email to the Camden County Planning Board to inform them that issuance of the CF is pending final supervisor review. As I indicated to you in an email earlier today, our goal is to issue it by Friday, November 6, 2020; however, there is a possibility that due to staff members, including myself, being out of the office on Friday November 6, 2020, that the CF will not be able to be issued tomorrow. However, we anticipate that if it is not issued on Friday, November 6, 2020, it will definitely be issued in the early part of next week.

Should you have any additional questions, please feel free to contact me. Although I will be out of the office for most of the day tomorrow, I will check my emails should you have any additional questions and to check on the status of our final review of the CF.
