Pete reported that once we sign up with TREX, we will receive three collection boxes from them. We reviewed the collection requirements. Recyclable materials should be checked, then put in a clear plastic bag. We should print off large labels with our name, contact information, and space to write in the weight. Pete volunteered to be our point person for our TREX project.

**Chair's Report**

**Winter on the Avenue:** (Rick Yeatman) We had a good crowd with great participation from attending children. Our handouts were appreciated.

**Atco Lake:** (Mayor Doney) Camden County has received approvals for herbicide application from the Pinelands Commission. We expect them to apply herbicides in May 2026. The parking lot has been cleared and the first layer of blacktop applied. Dirt piles have been removed. The Pinelands Commission, in a letter dated December 5, 2025, to Lauren Bonus at Camden County, stated that Camden County's proposal to use herbicides Aquaneat and Tribune were approved. The herbicides' active ingredients are glyphosate and diquat-dibromide. Mayor Doney was assured that our approvals will carry over for 24 months.

Mayor Doney and Deputy Mayor Giangulio had a conference call with Commission Nash. They requested that the County work on multiple items with the Atco Lake project simultaneously. Mayor Doney reported that \$2.7 million has been allocated and bonded for the project. In January, there will be meeting with representatives from Camden County, the Pinelands Commission, and the DEP to discuss progress and next steps for Atco Lake.

**Education Programs:** (Jennifer Treloar) Mayor Doney delivered the environmental books we purchased to Elizabeth Seth, media specialist, at Waterford Elementary School. Jen will follow up with Liz Seth about the signage she is creating. Library director Dana Nicklas sent Jen a list of requested books, which was introduced at the meeting. Jen made a motion to approve purchase of the listed books; Rick seconded. Motion carried. Jen will continue communications with the library about other environmental programs we could possibly fund.

### **New Business - Upcoming Events:**

**Spring Clean-up: April 18, 2026**

**Fall Clean-up: October 17, 2026**

Camden County has not announced the Hazardous Waste Drop Off dates yet, so we will wait until 2026 to schedule our shredding events.

**Township Committee Liaison Report:** (Mayor Doney) Construction for the new warehouse on the White Horse Pike has begun, with an estimated completion date of December 2026. Mayor Doney also reported on the creation of a cannabis sub committee and stressed the Township Committee's commitment to listening to residents and reflecting the will of the people. Mayor Doney also announced that this would be his last meeting as township liaison, that Committeeman Andrew Wade will be replacing him in 2026.

**Clean Communities Report:** (Terry Ciarlante) Our Facebook page has 682 followers. She thinks the sharp increase in followers was due to us sponsoring the Grand Faloons at Atco Elementary School. We are arranging to bring the Grand Faloons back in 2026. The cost for 3 performances at Waterford Elementary School will be \$2100; the cost for one performance at Thomas Richards will be \$895.

We had 9195 views and 1141 engagements on our page. Our balance is \$72,058.65. Terry suggested we create a recycling mascot for town events. We all were in favor of Rich Casian being a mascot. Rich and Terry will brainstorm on possible mascot ideas and costumes.
